

Ryan Day was a professional Disc Jockey and musician for over four years. His degree is in musical performance and education. It was not long after finishing college that God called Ryan into a new career where his musical talents and speaking abilities can be used for God's glory.

For the last few years Ryan has been preaching and sharing God's word. His insightful and spirit-filled presentations have led many to make a decision for Christ. Ryan considers it a privilege to share the good news of Jesus Christ with the world.

"My main objective is to share Christ and live a life that reflects His character. My wife and I consider it a great honor to share the truths of scripture and see lives change through the gospel of Jesus Christ"

Hi! I'm Doug Batchelor, president of Amazing Facts. I would like to introduce you to my associate and prophecy seminar presenter Ryan Day. Ryan presents a comprehensive and clear study of Bible prophecy, and I personally invite you to attend these dynamic presentations.
